Learn Hypnosis Online - Get the Professional "Hands-On" Training You Want from Your Home or Office

Participate from your home or office and get the professional training you want without incurring travel and lodging charges!

- Camera placement gives you a "front row seat." You will see the instructor and we can see you.

- Really hands on because you can practice at the same time the class does with a practice partner of your choosing.

- Your practice of the technique can be viewed by the instructor, just like with the students in class. So you can learn what you are doing right and the instructor can help you make immediate adjustments if necessary.

- Totally interactive. If you have questions you can ask them and get them answered just like any other student in the class.

<u>Information for Online Students</u>

Even though our Live Online version of our course are interactive and hands on, there are some special consideration that each Online student needs to be aware of. Here are some additional information that will be useful to the Online student or individual who are considering going through the course this way.

- Keep in mind that you are expected to participate in the class just like the in-class students do.
- You are expected to attend the entire course.
- You will be doing the same work, including reading, practicing, and answering questions.
- To successfully participate in the course, you are expected to provide a practice partner every day. A volunteer to practice with from 11:00 am - 12:00 pm and 5:00 pm - 6:30 pm daily (IST). It works best if you can find someone else who would like to take the course along with you.
- It is your responsibility to ensure that you are not disturbed during the course.
- In the event that you have any technical difficulties call our office immediately, we will record any portion of the course that you may have missed while you were having difficulty and make that portion of the class available to you.
- You will need to set up a meeting with our technical staff before the start of the class to ensure that your camera and computer is working properly.
- As they say, "Patience is a virtue." Sometimes unexpected technical problems can arise, although unlikely. If this happens, like we said above, we will make sure that you have all of the material that you need, and to get everything that you need from the course.
- Online courses such as this are not for everyone. It is best suited for those who are comfortable with computers and are generally able to keep themselves on task.
- We encourage you to participate in the class just as if you were sitting with us on site. If you have questions you have the right to get your questions answered just as much as any other student. We intend to take very good care of you during the class. As we like to say, "We believe that our success comes from your success!"
